Vetipak in a short glance

October 13th 2022

Veghel

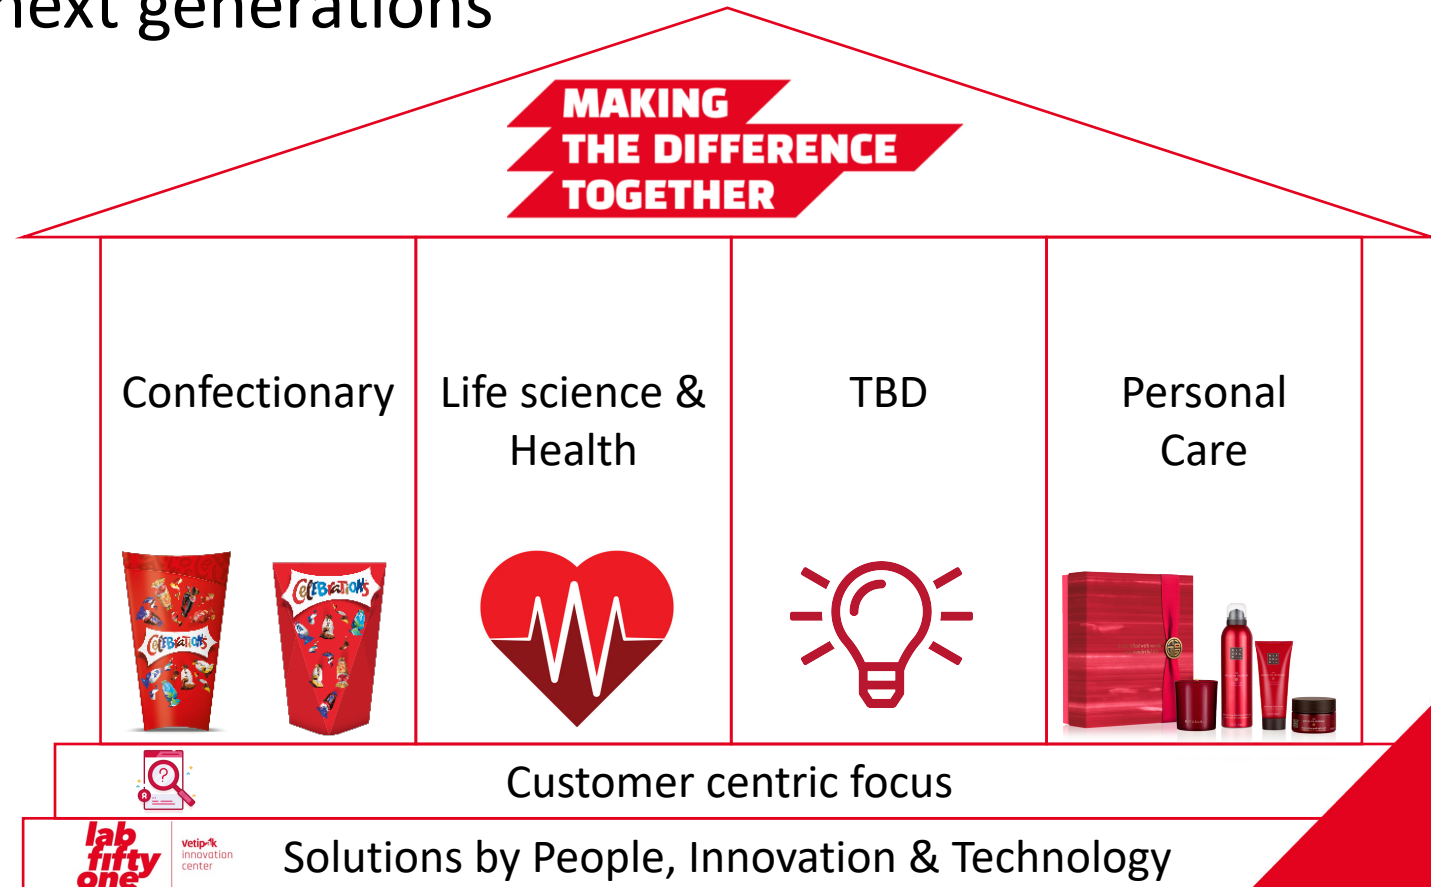

**MAKING
THE DIFFERENCE
TOGETHER**

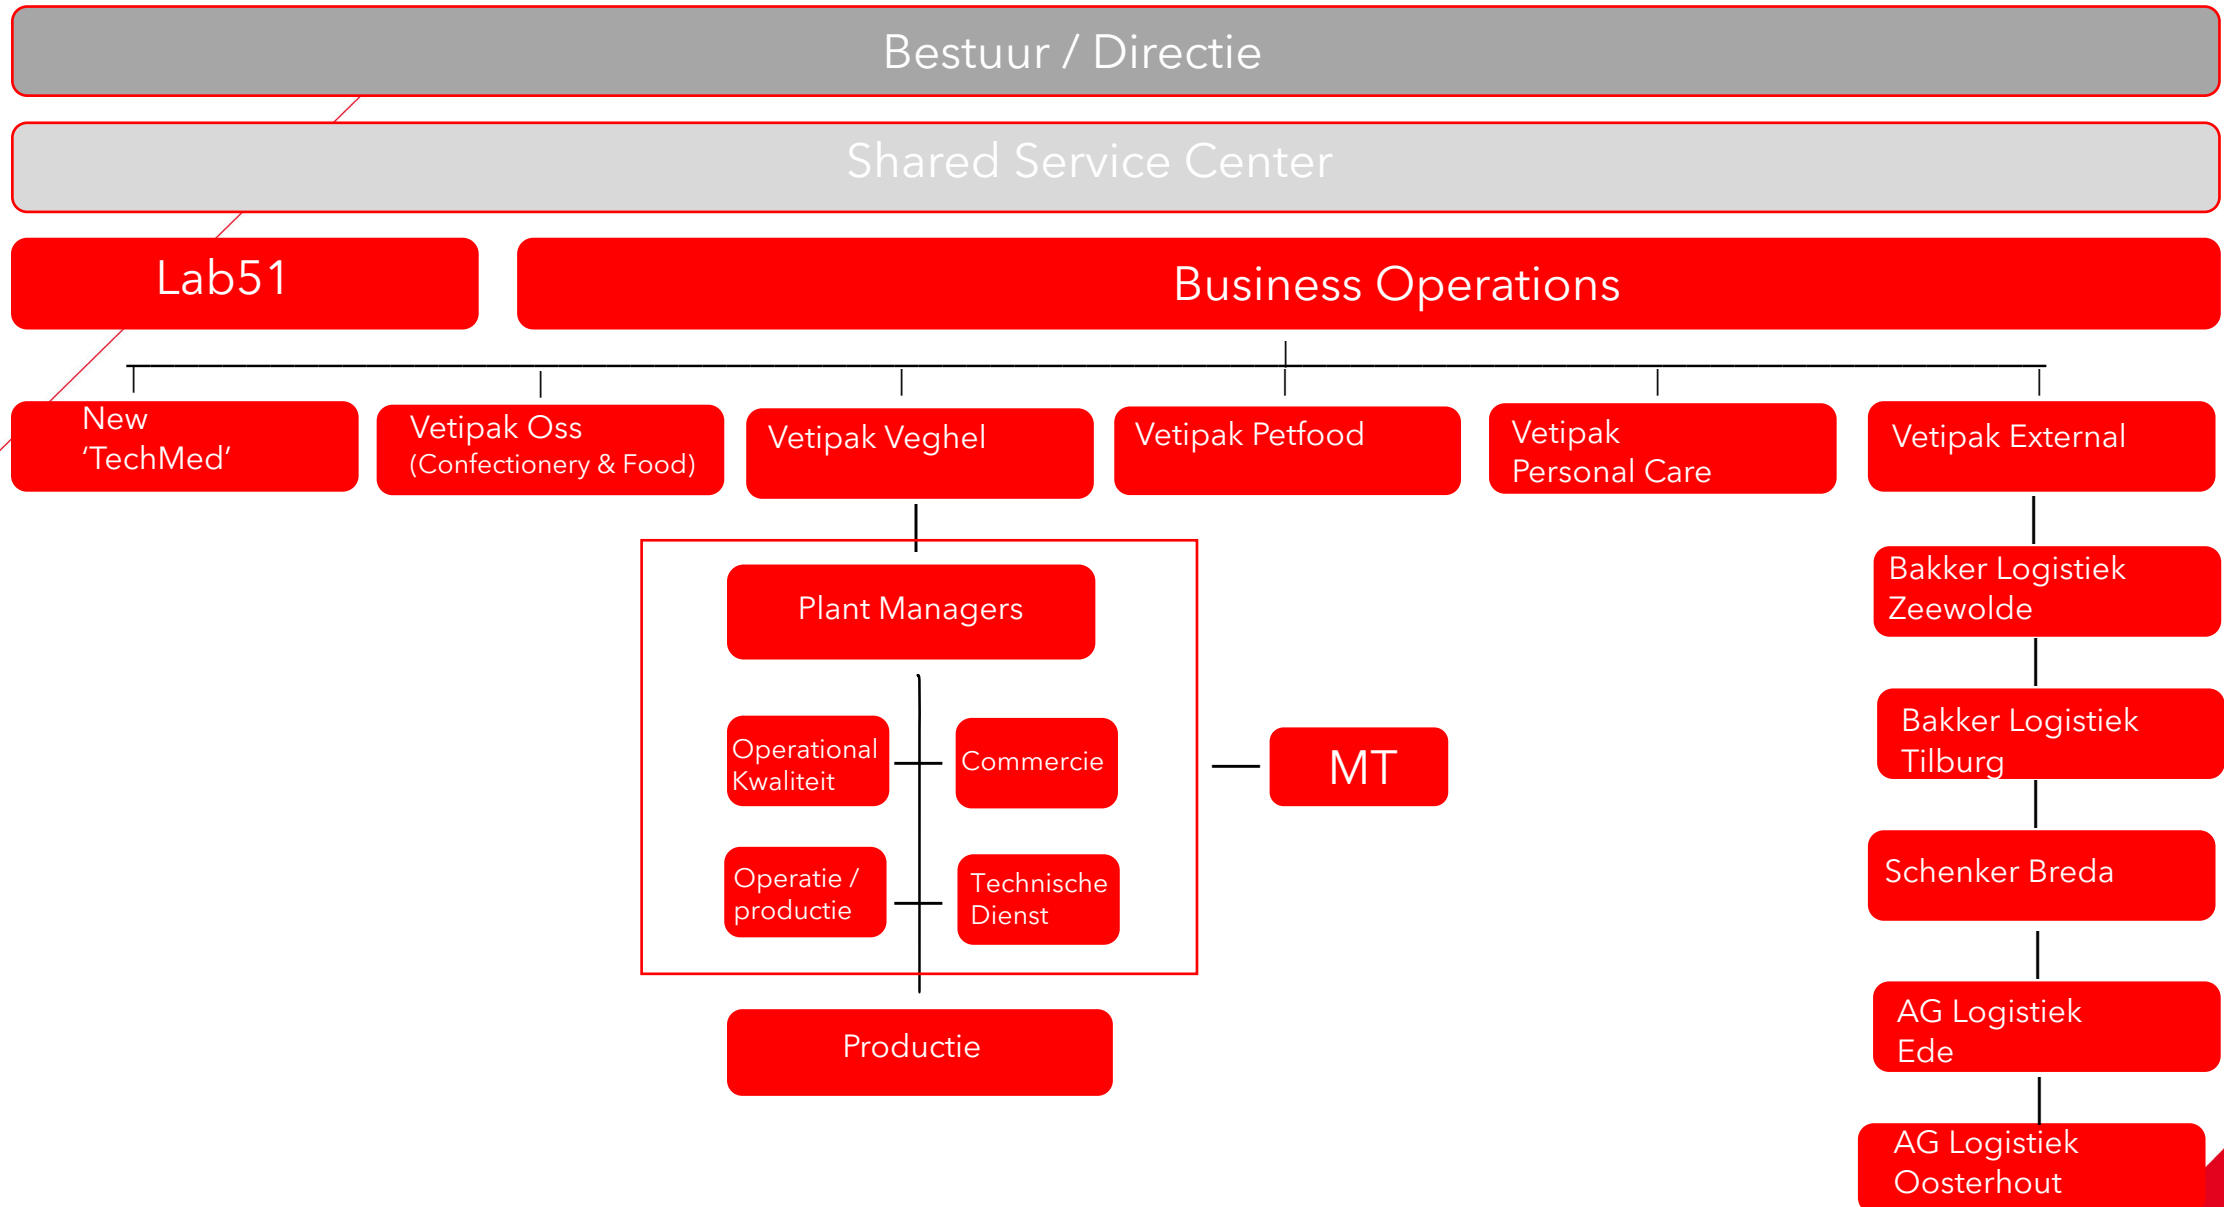

Vetipak is a family owned business Preparing for the next generations

Striving for:

- Long-term relationships
- Growth in our current segments (by strengthening our positions)
- Extending our core capabilities from co-packing to production and supply partner
- Cooperations & acquisitions

SHARED SERVICE CENTER

Our partners tell us in confidence what they want us to do

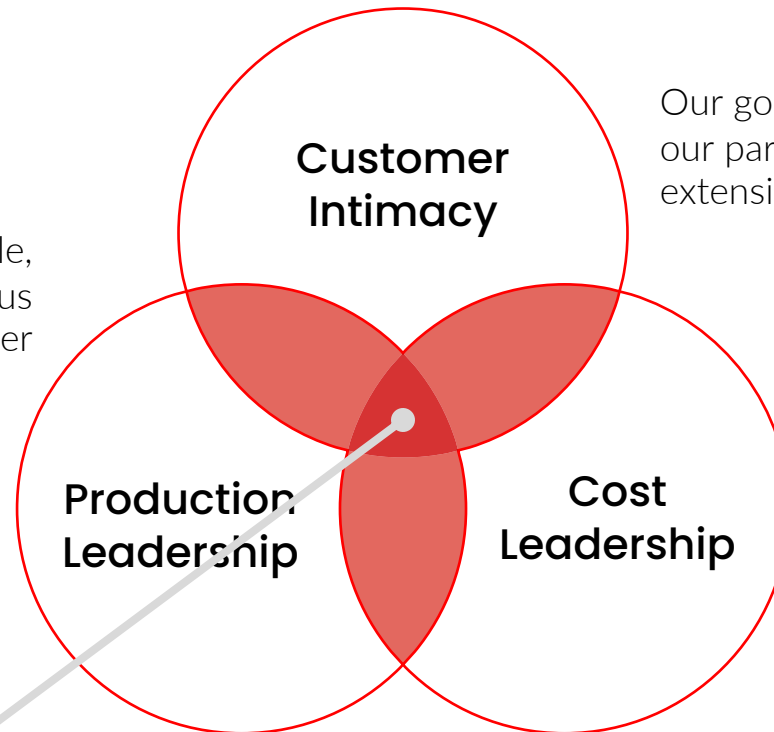

Our goal is to create long term relationships with our partners so we are a reliable strategic extension of their main business

We offer stability, flexibility, agility, confidentiality and reliability to our partners at the best price/quality ratio. This because we invest in a long-term relationship!

Customer Centric – We build the best production/assembly & supply chain solution for our partners based on the optimal mix of people and technology

We know how to find the most favorable, flexible, sustainable and efficient solution for us but also for our partner

Our goal is to create long term relationships with our partners so we are a reliable strategic extension of their main business

We offer stability, flexibility, agility, confidentiality and reliability to our partners at the best price/quality ratio. This because we invest in a long-term relationship!

Customer Centric – We build the best production/assembly & supply chain solution for our partners based on the optimal mix of people and technology
